

LUST, ESCAPISM AND ZOE

Thursday May 26, 2011

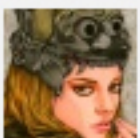

Zoe Lacchei grew up in a small town near Rome, kind of a quiet place far from the chaos of the city, where her bashful and introvert character probably originates and made her an atypical human being. Being isolated has given her a great abstraction and escapism ability, two characteristics which form the basis of her work as an adult. Zoe's gorgeously erotic females, combined with animal kingdom-creates a fantasy merging of the two.

MODERN NO. 2 FOR VENICE FILM FESTIVAL

Mirai Mizue created this short animation, *Modern No. 2*, for the 68th Venice Film Festival. Using a sheet of graph paper, Mizue created this piece. What is incredible is that this looks entirely computer generated, when in fact it is really digital animation drawn by hand.
